

"Forged in Faith"
2022

August, 2022

Dear Friends,

On behalf of the Board of Directors of *LifeGuard* we would like to thank you for considering sponsorship of the **11th annual Southwest Catholic Youth Conference IN PERSON!** This year's theme is *Forged in Faith*, and we are currently in the process of planning for an anticipated 800+ attendees.

Countless youth return year after year to draw inspiration and strength from SWCYC. Their feedback tells us what a huge positive impact the conference has had on their lives and urges us to keep the event going. For many, their only hope of attending comes from the support of scholarships and donor funding, making this huge conference affordable for all. *LifeGuard* resolves to keep the cost low in order to encourage attendance, but at the same time spends a great deal of money to bring in top quality speakers and musicians from around the country. Guest speaker/musicians this year are Rachel Leininger and Michael Gormley.

With your generous support we can reach out to hundreds of Catholic youth ages 13 and up, to empower them not only with the gift of the Catholic faith, but also with the message of chastity, and respect for the human person. If you would like to see a bit of this event from past years, please visit our website at *lifeguardlaplata.org* to hear what the youth themselves have to say about this life-changing event.

Thank you in advance for your generous support! None of this would be possible without you!

Blessings,

Martha Sandner
